

Markedskraft seeks Portfolio Manager in Århus

For our Portfolio Management team in Århus, Markedskraft has an open position as Portfolio Manager. You will have the responsibility for our 24/7 team, that is handling our intraday trading on behalf of customers in all the Nordic countries and the Continent. For the right person the job will have a lot of potential for personal development and areas of responsibility will besides the trading part also cover:

- Securing the necessary manpower for the 24/7 team
- Contribution to the 24/7 team development
- Participating in daily DA and ID operations
- Maintenance of system setup, especially for the German markets
- Ensuring business procedures remain optimal
- Business development in 24/7 trading and services in close cooperation with customers and colleagues in Norway, Sweden and Finland

Qualifications

We expect that you:

- hold a Master's degree in Finance or similar university level education
- have experience from the power market, preferable from the Nordic and German intraday markets
- have profound experience with Excel
- have knowledge of VBA programming and maybe even Python
- are fluent in English both written and oral. German speaking will also be an advantage
- can keep a cool head in hectic situations
- are capable of handling lot of information and getting the best out of it
- have a structured approach

Personal Skills

We expect that you:

- are dedicated and efficient and with an independent, active and dynamic approach
- are not afraid to take responsibility
- are able to get the best out of your team
- have communication skills that contribute to a good team spirit where we all enjoy working together

We Offer

- an attractive remuneration package that fits your qualifications
- personal and professional challenges in an international environment with colleagues in different countries
- professional, passionate, and highly skilled colleagues among the best in the power sector
- a company focused on and committed to creating value to our customers by understanding the fundamentals in the energy markets and the needs of our customers

Application should be sent to our HR department (hr@markedskraft.com) not later than **19th of October**. Talks with candidates are expected to be held in week 43. Any questions regarding the position is to be directed to Jacob Skovsby Toft, Head of Physical Handling, +45 5150 5166
